

CORE COMPETENCIES

- › Penetration testing & vulnerability assessment
- › Continuous monitoring, SIEM & incident response
- › Risk Management Framework (RMF) / NIST SP 800-53 & ATO support
- › Security audit & compliance readiness
- › Secure IT hardware provisioning & supply

DIFFERENTIATORS

- › Service-disabled veteran-owned — eligible for SDVOSB set-aside and sole-source awards
- › Founder-led delivery: the practitioner who holds the certifications does the work
- › Clean, 100% US-owned intellectual property — no foreign dependencies
- › Federally registered and contract-ready — UEI, CAGE, and current NAICS in place

QUALIFICATIONS

- › M.S., Cybersecurity
- › CompTIA Security+
- › Certified Ethical Hacker (CEH)
- › Splunk — SIEM & security analytics

ABOUT

RZ Dynamics is an emerging service-disabled veteran-owned cybersecurity firm. Engagements are delivered directly by a credentialed security engineer — from assessment through monitoring and authorization. The same discipline applied to building safety-critical systems is applied to defending federal ones.

CAPABILITY KEYWORDS

Cybersecurity · Penetration Testing · Vulnerability Assessment · SIEM · Splunk · Incident Response · Continuous Monitoring · RMF · NIST SP 800-53 · ATO · Security Compliance · Audit Readiness · Secure IT Supply · Information Assurance
